Yes, might be a **corrupt** judge. We can go over on Monday. Everything will be okay.

The judge made statements in which he names cases of Adlife. Page 22 par#10.....I would like to better understand why we dismissed these cases. I believe the dismissals were based on settlements and not incorrect filings.

We just need to go over all of this and totally understand everything.....Joel

I think if we come back with \$10k he might be more inclined to accept it, in my opinion he was just concerned with the \$30k and also my hourly rate which was affirmed in the SDNY. Lets think about it so, we can write to the Court on Monday.

Richard,

We need to discuss the entirety of the article. We need to discuss the judge looking upon Adlife as somewhat underhanded for isung LLF. I am concerned about what you think and what can be done. I believe these cases were settled not dismissed because of lack of proper information.

Yes, this was the case we discussed about. Terrible judge that didn't agree with the \$30k in default. We often get \$30k on default but this judge is just devaluing copyright laws. Think we ask the Court for \$10k?

Richard,

We need to set up a day and time to discuss this!
